If you have selected group entry on the top, you need to fill the all the information of all your team members by clicking on the +Add Another Member.

+ Add Another Member

Register an account

After filling the form, please click on the button. After clicking on the button you will receive an email on your registered email id for verification. Please check your email/spam folder.

Important Note:

> Every entry is either Individual (for a single innovator) or Group (for a team of max. 4 innovators). All applicants must select from either of the two modes at the time of registering on the website. This is important and must be filled-in carefully as no changes can be made after registration.

> All fields are compulsory. Please give complete information for all members, in case of Group entry. No changes will be accommodated once registered.

Thank You For Registration.

Application Form

Applicants need to fill up this form for assessment of their innovation. Please read the instructions of each section carefully before answering. All the questions have been assigned certain weightage based on their importance, and keeping any question space blank may significantly reduce the probability of getting selected. Do not enter data/statements which are false as detection of any such data/statement at any point during the competition may lead to cancellation of the application. Answer each question carefully with optimum information.

Note: Please do not mention Applicant(s) Name(s), Address, Contact Number or any other personal details in any of the documents which you may need to upload during the filling up of this form. Entries with such details will be rejected at the initial screening.
